BOOK your Art Activation Journey

Every **Devine Intention** painting begins with an Exploration of your Intentions and inner dreams. I will guide you on your Art Activation Journey where you will explore what your energy is trying to communicate and create within you.

Using guided hypnosis and a sacred space, together we travel in time through the past to release any blocks or trapped emotions and on to the future to create a **Vision** of your **Desires** and next **Adventure**

Your beautiful energy will present itself to you in different colours, shapes and emotions, allowing you to communicate with your soul to explore and find your true desires.

We Co-create with Intention cards, Energy, Spirt animals, Ancestors and Guides.

It is truly a magical experience, which brings clarity, healing guidance and excitement for YOUR future.

My business has gone from \$2k a month to \$45k in just 4 weeks!!! Its even better than I imagined! I am so excited. It is truly stunning and breath taking. It takes me to another realm...

I have been staring at my Artwork every day. It really does something to my energy! The sales for my business have been flooding in and I noticed that it's been with extreme ease. I'm also feeling so much more confident

Since our session I've:- attracted twice as many perfect clients while working less and have seen more incredible client results than ever!

- launched a podcast I've been dreaming of for 3 years and it's been such a hit!
- began the process of buying our dream ocean-front home with miracle after miracle paving the way. I have felt a level of clarity, focus and productivity that's unprecedented and unlocked so much more PLAY in my business and life... even my husband noticed and said I'm more fun now, lol!

I'd say I'm pretty fricking activated right about now!

I'm so glad I worked with Tina to create this breakthrough. And I'm so grateful to now have this custom painting in my office to keep catalyzing success and opening doors into my next chapter! Thank you Tina from the bottom of my heart!

Wow.. I am speechless. It is literally taking my breath away. I could cry! I know this is for me. It feels like it is speaking directly to my soul...

Last month, some of my deepest wounds came up and I asked for support to process the feelings of powerless, failure and fear that were coming up. I had a huge business setback that triggered many personal challenges and I knew I needed to call in major support.

Enter the brilliant Tina Devine. She did the most powerful hypnotherapy session of my life and then created this art piece to activate the next level of success, empowerment and freedom for me
